

ST. MARTIN'S

HOSPITALITY CENTER

For most people, when they write checks to a charity, chances are, it is more than just a financial transaction that they have in mind. They are also sending that charity their faith, their commitment, even their affection.

The truth is, every time you send us a donation, you are also giving a little piece of yourself. We understand that and don't take it lightly. We are very grateful and deeply desire to strengthen our relationship with you.
